

VISION

“Always remember to dream for your child. Your vision for the future is how you will develop the path to achieving those dreams. Bring your dreams to all meetings, and be prepared to share them with the team. Success is achieved when everyone is reaching for the same goal” (Parents Reaching out, 2013)

1. LET’S MAKE THE VISION WORK

SHARE	CONSIDER	IMPACT
Students, parents and educators to share VISION planning documents.	Let’s discuss how the yearly goal setting aligns with the life-long VISION for our student.	How might this information now be noted and integrated into how our student is understood, taught and valued.
